

Company Profile

Calisto Group

We are a collective of forward thinking retailers based in Kuala Lumpur, Malaysia. Driven by creativity and a commitment to excellence, we constantly challenge conventions, reimagining retail with fresh perspectives and meaningful innovation. Whether through curated selections, original brand development, or evolving retail concepts, we aim to shape a future within ourself where retail is not just transactional, but transformational.

Founded in 2022, CALISTO curates a selection of designer eyewear brands, complemented by comprehensive services. With a vision to redefine the eyewear experience, CALISTO connects customers both online and offline through a seamless omnichannel retail approach. Our upcoming website, www.calisto.co, will soon introduce a new kind of shopping experience blending style, service, and simplicity in one accessible platform.

As we prepare to launch our own signature eyewear line CALISTO, we're also reimagining our retail concept to reflect a more design-forward and customer-centric philosophy. This includes a fresh approach to interior design, featuring minimalist aesthetics, and thoughtfully crafted spaces that enhance both product discovery and personal service.
